

NEW

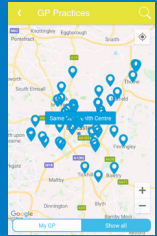

The Choose well.

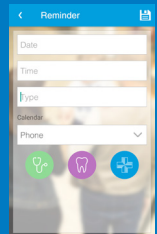

app is now available

Designed to help you to **choose well** when you need to use NHS services, leaving urgent care to those who need it most. It will help you decide which service you require, when it should be used, and where to find it.

The app signposts patients to nearby NHS services and shows the locations on an interactive map.

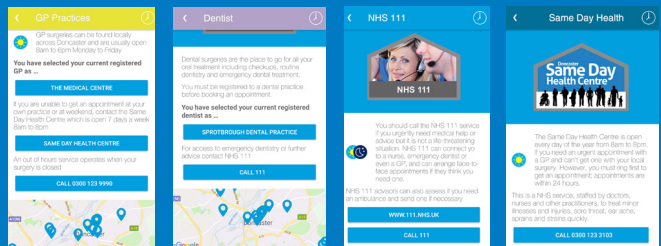

It also has a notes section and can remind the user of future appointments.

NHS service information included in the app are:

- GP Practices
- Pharmacies
- Dentists
- Minor Injuries Unit
- NHS 111 (phone and online)
- Same Day Health Centre
- Sexual Health
- Emergency Department
