

Carers Week

6th – 12th June 2016

Carer Friendly Communities

What's happening in Doncaster

Carers Week is an annual campaign to raise awareness of caring, highlight the challenges that carers face and recognise the contribution they make to families and communities throughout the UK.

Every day thousands of people in Doncaster give their time to help others by being their carer. Without those estimated 33,000 carers the people they care for would struggle to stay well and independent.

This Carers Week Doncaster Council, Doncaster Clinical Commissioning Group (CCG) and partners are drawing attention to just how important caring is and how they are working together to build Carer Friendly Communities in Doncaster.

Below are just some of the events taking place. Many other community events and coffee mornings will be happening across the borough.

details

Everyone can join in even if they can't attend an event. During Carers Week we are asking people to spare a thought for those who are caring. Taking a few minutes to ask someone if they need anything from the shops or just asking how they are doing to make a real difference.
