

# Help us to shape Doncaster's future...

Doncaster is a different place to where it was ten years ago; our skyline is changing and the borough is on the up.

To play our part in making our borough the best place it can be in the next ten years, we need to work together and talk about the challenges and opportunities ahead.

## How to get involved

Tell us your views about Doncaster and what is important to you in the future by answering our short survey:

### 3 simple questions...

1. What's good about where you live?

2. What would you like to see improve?

3. What should Doncaster focus on for the future?

If you'd prefer to talk to us face to face, you can find your nearest local roadshow event on our website: [doncastertalks.com](http://doncastertalks.com)

Have your say at:

[www.doncastertalks.com](http://www.doncastertalks.com)

Alternatively, visit your local library where you can find more information, get help to access the online survey or submit your views in writing.
